

REDS REPORT NAZI DRIVES BREAKING

Business Today

By Paul Gesner and John Beckley  
NEW YORK, July 29.—(The News-Star Special News Service)—Just how large that coming expansion in steel production facilities will be isn't certain yet, informed sources indicated today.

Plants with annual production capacity of around 7,000,000 tons are practically sure to be built. Specifications for this amount of new plants have been submitted to federal authorities in charge of defense work, and now lie on the desks of OPM.

But OPM is said to favor a minimum of 10,000,000 new tons of annual producing capacity. A few government officials are talking about the need for 15,000,000 extra new tons.

On the other hand, a number of steel executives think there is a possibility the war abroad might be over by this time next year. They privately hold a wise course would be to build a few new plants and clamp down tight on civilian steel, giving broader first call of defense industries on metal available until the World War situation is a little clearer.

The capacity of the steel industry at the moment is estimated to be around 87,000,000 tons annually. By the end of the year, with the completion of new plants now building, capacity is expected to reach around 91,300,000 tons.

This week mills are operating at 95.6 per cent of capacity.

Autos: Many observers now think the question of how many automobiles will be built in the 1942 model year will be determined principally by the amount of steel the auto companies will be able to get, rather than by any arbitrary schedule set up by either the makers or the government.

Defense: The big home defense plant has now grown into a \$50,000,000,000.

PRIME MINISTER WARNS OF NAZI INVASION TRY

Churchill Says Germans May Attempt Attack In September

TO IGNORE DEMANDS No Minister Of Production Will Be Named, British Head States

(By Associated Press)  
German U-boats stepping up the fury of their attacks in the battle of the Atlantic were reported today to have sunk 19 British ships totalling 116,500 tons yesterday and last night in a raid on a transatlantic convoy.

Authorized quarters in Berlin said the Nazi undersea raiders also sank a destroyer and a corvette protecting the convoy—presumably loaded with United States war materials for England.

LONDON, July 29.—(P)—Prime Minister Winston Churchill warned Britain today of the possibility of a German invasion attempt in September, rejected demands for appointment of a minister of war production and spoke "with considerable regret" of the severance of diplomatic relations with Nazi-associated Finland.

"The invasion season is at hand," he said. "All armed forces have been warned to be at concert pitch by September 1 and to maintain the utmost vigilance."

He added that "it is madness to suppose that Russia or the United States is going to win the war for us."

Churchill declared that parliamentary and press demands for a coordinator or minister of production would be ignored, and he deplored careless criticism of British industries for its effect abroad, particularly in the United States and Australia.

"In the United States," he said, "where there is a vigorous campaign against the policy pursued by the president, I fear that harm has been done and it cannot be easily overtaken or healed."

The British foreign office announced that Finland had broken relations with Britain, which 17 months ago was

Jap Forces Occupy Base In Indo-China

Guarded By Warships, Transport Fleet Slips Into Camranh Bay

VICHY, France, July 29.—(P)—French Vice Premier Admiral Jean Darlan and Japanese Ambassador Sotomatsu Kato signed a protocol for "common defense of French Indo-China" today in an official announcement said. The pact contained no mention of specific measures to be taken, but bound the two governments to military cooperation so long as circumstances demand. The signing ceremony took place in Darlan's private office in the hotel Du Parc.

The announcement said merely that the "protocol" signed this morning forms the political basis of measures of a technical character which will be taken "to carry out defense needs."

SAIGON, French Indo-China, July 29.—(P)—Japanese armed forces today occupied Camranh naval base on the east coast of Indo-China.

Guarded by warships, a fleet of transports slipped into Camranh bay and the Japanese occupation of southern Indo-China went into high gear as troops swarmed ashore.

The base, situated within airplane range of the British stations at Singapore and Hongkong, boasts two splendid harbors and ideal natural defenses in the mountains which encircle it. Occupation of Camranh followed by 24 hours the arrival of Japanese forces.

BOLIVIAN NOTE FORGED, STATE NAZI OFFICIALS

Foreign Office Terms Attache's Letter To German 'Falsification'

DIES COMMITTEE HIT

U. S. Group Said Responsible For Pouch Seizure By Argentina

BERLIN, July 29.—(P)—The German government has sent notes to all South American governments declaring that the Belmonte note figuring in the expulsion of the German minister from Bolivia was "falsified," the well informed Dienst aus Deutschland said today.

The authoritative comment service said that "one can conclude" that the Wilhelmstrasse called the attention of the remaining South American governments to the falsification in connection with the Belmonte case and to remember it if a somewhat similar situation should face them."

(The German foreign office protested to Bolivia yesterday against the "falsification" in the crudest manner possible" of a letter which purported to be from Major Elias Belmonte Pabon, Bolivian military and air attaché who has been dismissed by his government on a charge of treason, to Ernst Wendler, German minister who was expelled from La Paz in measures against an asserted Nazi plot. The major also denied yesterday that he had written the letter or maintained revolutionary relations with the minister.)

This development came as authorized German sources expressed belief that the Dies committee of the United States House of Representatives was responsible for the action of an Argentine congressional investigation committee in having German diplomatic pouches seized.

The Dies committee, which is close to the Wilhelmstrasse, declared Berlin obviously was convinced that "the Belmonte case is only one link of attempts on the part of responsible quarters in the United States to bring about friction between the axis powers and the South American people by such methods."

The Dies committee said documents in Berlin showed that "the United States, by creation of such a poisonous atmosphere, anticipated that South American powers would prefer to grant military bases to the United States."

The anger of the controlled German press as well as that of the Deutsche

Churchill Inspects American Tank

Prime Minister Winston Churchill (wearing white suit) of Great Britain inspects an M-3 medium tank, built in the United States and sent to aid the British, during an inspection trip of an armored division of Britain's southern command. This picture was cabled from London.

Eden Outlines Tasks For World After War

The World Today

(By Associated Press)  
Nazi U-boats report sinking 19 British ships in 24-hour raid on transatlantic convoy, also list destroyer and corvette protecting convoy as sunk.

Russians say Red army counter-attack spreading to all major sections of war front, declare Nazi drives against Moscow and Kiev are "breaking"; Germans assert Soviet forces driven out of Bessarabia, claim Russians trapped in Smolensk sector facing annihilation.

Prime Minister Churchill warns Britons invasion season "is at hand," orders all armed forces to be at concert pitch by September 1; Foreign Secretary Eden says Nazi "peace blitz" due soon.

British reports say Japan demands Thailand (Siam) join Japan's "new order" in return for French Indo-Chinese territory; Japanese warships, transports pour 40,000 troops into southern Indo-China bases.

Finland breaks diplomatic relations with Britain; Poles announce agreement with Russia, seek 200,000 Polish war prisoners in Russia for legion to fight against Germany.

Must Eradicate Nazis, Then Rebuild World, Englishman Says

LONDON, July 29.—(P)—Foreign Secretary Anthony Eden outlined today a twofold task for Britain and her allies "when this war is won."

Addressing a Foreign Press association luncheon, Eden said that "in the military sphere it is our bounden duty to insure that Germany is not again in another 20 years in position to plunge the world into the misery and horror of total war."

It also will be the duty of the allies "to start at once upon the fashioning of the world in such shape that the causes of rivalry and hatred will be gradually removed and, we pray, eventually eradicated."

Eden declared that "we are not interested in any peace terms that Hitler and his government may put forward" and that "four great countries are moving even closer today in their determination to withstand the common menace of Hitler and of any who work for him."

"The U. S. S. R., China, the United States of America and the British empire are surely pretty formidable obstacles to aggression," he said, "Europe after the war," he said, "will be in a state of exhaustion, short of the materials necessary for reconstruction, torn by hatreds, confused

FOREIGN POLICY REVIEW PLANNED BY ROOSEVELT

Chief Executive Back In Capitol From Hyde Park Residence

WASHINGTON, July 29.—(P)—President Roosevelt will ask congress for price control legislation in a message tomorrow, congressional leaders reported today after a conference with the chief executive.

"There was a general discussion of the legislative program, including price fixing," said Senate Majority Leader Barkley, "and the president will send his message to congress on that subject tomorrow."

A final draft of legislation has not yet been completed, Barkley said, but there is complete agreement on the general policy which the measure will embrace.

The price control measure is to provide legislative sanction for activities already undertaken by the government to keep the defense program from boosting the prices beyond reasonable levels.

While Barkley would not disclose the projected terms of the legislation, it is expected to provide for imposition of ceilings on commodities or groups of commodities, for rent regulations, for holding down farm prices after they have reached parity, and for the issuance of licenses as a means of enforcement.

WASHINGTON, July 29.—(P)—President Roosevelt came back to the Capitol from his Hyde Park, N. Y., home today with a review of United States foreign policy at the top of his calendar.

In early consultations with some of his most trusted advisers, it was expected that Mr. Roosevelt would determine whether any sectors of that policy should be strengthened, particularly those touching the problems of aid to Russia and Japanese expansion.

A weekly conference with Senate and House leaders this morning provided an opportunity for a check on important legislation such as that to authorize longer service for selectees, national guardmen and reserves. It also gave the chief executive a chance to find out how congress feels about

DRIVE FOR METAL WILL END TODAY

Ouachita Still Short Of Goal, Ton Of Aluminum For Defense

Today is the deadline for the aluminum collection campaign here, and plans are to move the assortment of scrap metal late this afternoon or early Wednesday to the area concentration point, M. Kaplan and Son's metal yards, preparatory for shipment, Olan H. Black, parish chairman of the civilian defense council, has announced.

The 2,000-pound goal set for Ouachita still has not been reached, according to Mr. Black, who established that the bin on the Central Grammar school grounds contains some 1,500 pounds of aluminum. Persons with donations were urged to deposit the spare metal in the pen today.

Boy Scouts, who conducted a two-day house-to-house canvass and collected most of the scrap metal in the bin, now are answering spot calls to pick up a perculator here and a double boiler there, the chairman said.

The Kaplan yard also will be used as the collection center for adjoining parishes in the area. Aluminum from Caldwell, East Carroll, Franklin, Jackson, Morehouse, Madison, Richland, Tensas, Union and West Carroll will be hauled to Monroe, weighed and stored in the local yard to be shipped out later with the rest of Louisiana's metal contribution to national defense.

The next big job of the civilian defense council will be the inauguration of the air raid warning service, to function during the maneuver period, Mr. Black announced. Joe Trammell is chairman of the division, to be directed by the American Legion. Thirteen observation posts will be located at strategic points over the parish to keep check on aerial movements.

SEEK TO DISCOVER CLUE TO TRAGEDY

COLUMBUS, Ga., July 29.—(P)—Police and relatives sought today to learn from the semi-conscious mummuring of a teen age schoolboy, some clue to a tragedy which left him critically injured and took the life of his companion.

The body of Frank Bass, 14, of Griffin, Ga., was found along the Roosevelt highway near here yesterday; Ferrell Millins, the injured youth, was nearby.

Both received deep head injuries which Dr. F. C. Stinson said appeared to be the result of blows by an ax or hatchet.

Beside listeners reported Millins mumbled "He hit me with a stick" and "He hit me with a bottle." Once, he said, he mumbled "Frank, look out."

Georgia Highway Patrolman B. A. Snipes said he believed the boys were slugged in an automobile and placed on the highway. Some investigators theorized that they might have been struck by an automobile.

DAIRYMAN KILLED

LITTLE ROCK, Ark., July 29.—(P)—Violence stemming from a milk-price war in the Little Rock area brought death to one dairyman today when shooting broke out at a highway barricade on the city's outskirts. The victim was Elvis Milton Smith, 22, North Little Rock dairy truck driver.

CLAIM RUSSIAN TROOPS MAKING COUNTER DRIVES

Heavy Losses Are Reported Inflicted On Invading Forces

REDS SHOW OPTIMISM However, Germans Assert Soviets Thrown Back In South

MOSCOW, July 29.—(P)—Russian counter-attacks against Adolf Hitler's invading legions were reported today to have spread to all major sectors of the front in one of the greatest battles of all time. The Soviet atmosphere was one of calm confidence.

Germans are still trying to push forward, particularly in the Smolensk sector of the central zone, military observers said, but both there and in the Zhitomir region of the Ukraine are "breaking against the firmness and stubbornness" of the defenders.

Nazi losses were described as heavy.

Authoritative advices as late as yesterday said that the battered rail and highway center of Smolensk, 230 miles west of the Soviet capital, was still in Russian hands after 12 days of bitter fighting.

A modified form of trench warfare was reported in the northern sector about Perekhov, with the Germans meeting stiff resistance by digging in along temporary hollows, trying to edge forward and then dig in again.

BERLIN, July 29.—(P)—General Ion Antonescu's German-allied Rumanian forces have captured Cetatea Alba at the mouth of the Danube river, authorized German sources said today. They said this was the last Bessarabian town in Russian hands.

(By Associated Press)  
A Red army bulletin declared today that Adolf Hitler's 38-day-old drives

DECLARES DEPTH BOMBS DROPPED

Knox Testifies U. S. Destroyer Captain Feared Sub Attack

WASHINGTON, July 29.—(P)—A senate naval committee report, released today, quoted Secretary of Navy Knox as testifying that the captain of a United States destroyer dropped three depth bombs off the coast of Greenland and he believed he was in possible danger of attack from a submarine.

Knox's testimony was contained in a report by the committee which recommended that no further investigation be made of newspaper reports of "shooting" by American naval units in the Atlantic and conveying of British merchant ships.

"One United States destroyer operating off Greenland heard the SOS of a steamer and proceeded to the location and picked up 60 of the survivors of the steamer," Knox was quoted as saying.

"While engaged in this act of mercy, the operator of the listening equipment reported to the captain that he thought he heard a submerged submarine."

"The captain immediately turned toward the direction indicated and dropped three depth charges. In doing this, he very prudently exercised the right of self-preservation, for had there been a submarine there, his destroyer might have been sunk."

"There was no other evidence that a submarine was there and it is quite possible no submarine was there. The listening equipment echo might have been received from a whale or a large fish, or a cold current, instead of a submarine—something which is frequently experienced."

"Now, none of them knew whether there was a sub there or not, but the man in command did not want any man would do who was on the verge of an attack by a submarine. He would do it in self-defense."

MANILA TAKES AIR RAID PRECAUTIONS

MANILA, July 29.—(P)—Manila, alarmed by the Far East crisis, took steps today to provide air raid shelters and planned its first practice evacuation of civilians.

The city council received a proposal to appropriate a half million dollars for construction of air raid shelters. Its sponsor, Councilman Segundo Agustin, said that "in view of recent developments in the Far East it is urgent that air raid shelters be constructed."

Informed sources said the civilian emergency administration would hold a practice evacuation soon affecting persons living near the Manila bay fronts, forts, military camps and air fields.

The test evacuation may be at night. Mr. Black announced. Joe Trammell is chairman of the division, to be directed by the American Legion. Thirteen observation posts will be located at strategic points over the parish to keep check on aerial movements.

1941 SAFETY RECORD

Accidents to date this year—328.  
Deaths to date last year—276.  
Personal injuries to date this year—42.  
Deaths to date last year—45.  
Deaths to date this year—4.  
Deaths to date last year—4.  
Traffic rule of the day: Section 58-it shall be unlawful for any person to park, station or stop a vehicle for a longer period of time than one hour in the business district, provided that such provisions shall not apply on days from Monday to Friday inclusive before 8 a.m. nor after 6 p.m., nor on Saturdays before 8 a.m. nor after 9 p.m., nor at any time on Sundays, Christmas day, Fourth of July and Thanksgiving.

NATION'S HEAT WAVE CLAIMS LIVES OF 241

Break In Sweltering Temperatures In East Is Forecast

(By Associated Press)  
"A break in the heat wave" in the East but "no general relief" for the north central states for the next two days.

That was the gist of the weather bureau's forecast today after surveying atmospheric conditions over the broad expanse where 1941's worst hot spell has taken 241 lives—113 by heat prostration and 128 by drowning.

Some relief was predicted for this afternoon in Ohio, Kentucky and West Virginia after a definite break in the wave in New York, Pennsylvania and the middle Atlantic states.

Although the midlands were given no hope of general relief, forecasters said there were indications of somewhat cooler weather tomorrow in parts of the northern plains.

Nine northern states had readings above 100 yesterday, 106 at Ft. Madison, Ia., being tops. St. Louis, Mo., and St. Joseph, Mo., had 102. Wichita, Kan., Springfield, O., Seymour, Ind., 101, and Philadelphia, Washington, Cincinnati, Springfield, Ill., Bismarck, N. D., Huron, S. D., and Kansas City, Mo., 100.

Twenty-six heat prostrations in the national capital and over 100 in the mercury hit the century mark.

University of Iowa students and Iowa City residents escaped near 100 degree heat last night by jamming the school's memorial union, one of two air-conditioned buildings on the campus. Students studying for final examinations crowded the floors when all available seats were taken.

At the same time storms were cooling some of the East. A brief sharp wind and rain storm lashed northern New York where a man was killed in

(Continued on Second Page)

ULTIMATUM GIVEN DRIVERS BY ICKES

WASHINGTON, July 29.—(P)—Petroleum Coordinator Harold I. Ickes presented an ultimatum to east coast motorists today, disclosing his plea for voluntary curtailment of gasoline consumption had backfired—and sales had increased.

Unless this situation changes, he said, government action to compel conservation may be forthcoming.

At the same time, prior to a conference with suppliers of heavy fuel oil, he announced use of that commodity on the eastern seaboard might have to be limited immediately.

In an up-to-date review of the oil situation in the area, where a shortage impends because of the transfer of tankers to Britain and resultant transportation difficulties, Ickes indicated the government's decision on involuntary rationing would be made within two weeks.

Meanwhile, he said, in a broadcast address last night, it would be up to consumers to show whether or not his requested 2.5-3 reduction in gasoline use could be achieved voluntarily.

Last week, instead of having smaller sales, seven large eastern oil companies sold more than 1,500,000 gallons above the previous week's figure of 3,035,792 gallons, he declared.

COUCH IMPROVED HOT SPRINGS, Ark., July 29.—(P)—Harvey C. Couch, 65-year-old industrialist, actually ill at a summer home near here, was reported slightly better today.

An aide said he continued to hold the improvement announced last night by an attending physician.

SECRETARY ASKS FOR DECISION

Knox Tells Legion Of Valor Delay Increases Difficulty

FORT SHERIDAN, Ill., July 29.—(P)—Secretary of the Navy Knox called last night "for a decision now—a decision that, come what may, we shall resist to the utmost any and every attempt that is made to force us and we will make due preparations to meet any and every threat of force that is pointed in our direction."

He told the Legion of Valor, an organization of army and navy men, decorated for bravery, that the longer the nation delayed the more difficult the task when it faced reality.

"And face it we must. Not by our choice, but by the sheer pressure of events," Knox said. "We can possibly postpone decision—postpone it until the chance of successful resistance are far less than now, but we cannot avoid decision."

"We will have to come to it sooner or later. We must make the same two decisions which, at one time, confronted every member of the Legion of Valor. Have we something worth fighting for? Have we the courage to fight for it?"

After referring to conditions in Europe, on the high seas and in the far east, Knox said that "in times of peril like these, there are still a few Americans who profess to see no danger for us, a few Americans who would disband our half-trained army in the face of such dangers; a few Americans who protest when we add to our security against attack by the occupation of strategic vantage points which would help us control the seas that wash our shores."

BARKSDALE FIELD BOMBER CRASHES

SHREVEPORT, La., July 29.—(P)—A twin-engine bomber from Barksdale field crashed and burned six miles south of Wabeno, Tex., about mid-morning according to authorities at Barksdale.

Sam Sanders, a tenant farmer, was an eye witness. He told authorities at Barksdale that he saw the plane maneuvering overhead as if it were attempting a landing. It then went into a spin and crashed in the woods nearby.

Sanders ran to the plane but by the time he reached it it was enveloped in flames and he could not approach it to render aid. Sanders said he saw only one man in the plane.

Barksdale authorities immediately dispatched officers to the scene but they had not reported back at noon.

Sanders said the plane was silver colored, leading to belief it was a B-13.

ELECTRICIANS CALL STRIKE IN NEW YORK

Walkout May Ultimately Tie Up 250,000 Construction Workers

HAMILTON, Ont., July 29.—(P)—C. I. O. pickets took up their lines today in front of entrances to a National Steel Car company plant, where which they were driven last night by a group of soldiers from a local army trade school.

The soldiers charged the pickets with flailing fists and cries of "What are you holding up production for?"

The pickets of the Steel Workers Organizing Committee withdrew from around the plant and for a time the soldiers, numbering about 250, stood guard at entrances.

The soldiers declared they were acting on their own initiative.

The plant, engaged in munitions work, employs 2,800 persons.

A strike was voted last night by 600 members of the Steel Workers Organizing Committee after a government controller and company officials did not accede to a union demand that plant representatives be authorized to negotiate with a union committee whose members need not be employees of the plant.

The controller has been in charge of the plant since a three-day strike last April.

LONDONERS PASS NIGHT IN SUBWAYS

LONDON, July 29.—(P)—With Monday morning's air raid fresh in their minds, thousands of Londoners passed last night in subways, shelters and basements, but German bombers, only at three points in East Anglia, causing a few injuries and slight damage.

The Daily Express in an editorial said the Germans just were testing London defenses in the raid Monday.

A raid was estimated about 20,000 persons slept on London subway platforms Sunday night while at least 100,000 were in the tubes when raids were frequent. The Sunday night crowd represented "regulars" authorities said. They have been going underground every night now for a year because they won't want to lose their places and they like company, too, it was said.

The Express also said editorially that when the Germans understand that President Roosevelt meant when he said he would "throw all he could command against this Nazi evil," then "they will see that bombing of London was in fact the Lusitania incident of this war."

FIRM STAND IN FAR EAST URGED

White House Supporters Say U. S. Shouldn't Back Up An Inch

WASHINGTON, July 29.—(P)—Despite Japanese hints of new far-reaching developments in the orient, White House supporters in the senate today urged that the administration hold unwaveringly to the policy it has adopted in the Far East.

Senator Lee, Democrat, Oklahoma, told reporters that "economically, I think we ought to hit Japan with all we've got. Militarily, we ought not to back up an inch. Politically, the people will support such a policy."

In a similar vein, Senator Pepper, Democrat, Florida, asserted that "now is the time to let Tokyo know whether we mean business. Tokyo, unhappily, knows no language except force."

The state department, meanwhile, silently followed the course of far eastern events, both in Indo-China, where Japanese occupation was reported under way, and in Shanghai, where Japanese intentions regarding the international settlement continued uncertain.

In line with its practice, the department had nothing to say about statements appearing in the controlled Japanese press that far reaching consequences might follow the action of the Netherlands East Indies in cutting off oil exports, breaking off a monetary agreement and freezing commerce with Japan.

These statements held that the Dutch colonial government was "in league with the United States and Britain" in economic warfare against Japan.

The state department, however, indicated that, barring new developments, no additional action against Japan was planned. This attitude was evidenced by the department's announcement last night that for the present at least Japanese merchantmen would not be detained in United States ports.

# SOCIETY

## Society Revolves Around Visitors

Mrs. Donnaud Of New Orleans, Mrs. Temerson Of Tuscaloosa And Mrs. Gorn Of New York City Charming Visitors in City

Rhubrum lilies and Texas bluebonnets formed a most effective central decor for Mrs. Russell Strong's luncheon table at the Lotus club when she entertained complimentary to Mrs. Albert Donnaud of New Orleans who is spending the summer with her daughter, Mrs. Clyde Paine and Mr. Paine in their home on Marie Place.

Following the serving of a delicious four-course luncheon, a conversational hour was enjoyed on the lounge. Mrs. Strong's guests in addition to Mrs. Donnaud, were, Mrs. Clyde Paine, Mrs. Joseph P. Brown, Mrs. Edward Apperson and Mrs. Stanley Blower.

Mrs. Donnaud has been the central figure at numerous social affairs of charming informality, characteristic of all entertaining. Among the guests of her parties will be Mrs. Edward Apperson's conversational hour in her suite at the Frances hotel, Wednesday afternoon.

Other charming visitors in the city are Mrs. Charles Temerson of Tuscaloosa, Ala., who is the guest of her daughter, Mrs. Sylvan Masur, and Mrs. Jack Gorn of New York City. Mrs. Gorn is visiting her son, Mr. Milton Gorn, and Mrs. Gorn, in the home of Mr. and Mrs. Sigmund Masur.

Mrs. Temerson and Mrs. Gorn were named guests of honor at an al fresco supper party in the beautiful gardens of the Masur home, Grey Gables, Monday night.

Electric reflectors placed at vantage points illuminated every section of the garden. A spacious buffet overlaid with gayly-colored linen and beautifully served held trays of luscious viands including barbecued chickens, the piece de resistance.

Mrs. Sam Davis will leave this week for New Orleans, where she will spend several days.

Sergeant Daniel Britt arrived from Fort Benning, Ga., last week, where he is stationed with the 6th tank division, to visit his mother.

The Monroe friends of Miss Lois Murrell of Minden will be interested in hearing of her recent marriage to Stephen N. White of Pasadena, Calif., and Boston, Mass., in Pasadena, July 11.

The bride is the daughter of Mr. and Mrs. James Watters Murrell of Minden. For the past few years she has been stewardess on a transcontinental airline operating out of Pasadena. Her husband is the son of Mrs. William S. White and the late Mr. White of Pasadena, and is the grandson of the late Senator Stephen Murrell White, whose statue stands in front of the Los Angeles courthouse.

The couple left immediately after the marriage by motor for San Francisco, where Mr. White, a naval reserve officer, has been called to active service as an ensign. Prior to this time Mr. White has been employed in the operations department of the airline.

Only members of the bridegroom's family were present at the service, which was performed by the Rev. John Birch. The bride wore a frock of poudre blue crepe with white accessories and she carried a bouquet of gardenias and bouvardia.

Miss Louise Brown of Burbank, also a stewardess, was the bride's only attendant. She wore pink and blue chiffon with white accessories and a corsage of rose buds.

Ernest F. Nolting, uncle of the bridegroom, attended him as best man. The bride comes of an old Scotch family which was originally settled in South Carolina. She took nurses' training in Shreveport before taking up her career.

Mr. White's family on his mother's side pioneered in San Jose. He is the grandson of the William T. Nolting, Mr. Nolting being president of the Pasadena First National bank. The bridegroom attended the United States Naval academy at Annapolis and is a graduate of the University of California in the class of 1933.

A wedding in which the interest of friends in this section of the state is centered was that of Miss Louise Thomas, daughter of Mr. and Mrs. O. B. Thomas, Marion, La., and Nelson Reppond, son of Mr. and Mrs. J. P. Reppond, at the home of Mr. and Mrs. E. A. Reppond, 615 St. John street, July 18, at 9 o'clock in the evening, with Rev. L. T. Hastings officiating in the presence of intimate friends and members of the family.

The ceremony was performed in the living room before an improvised altar fashioned of woodwardia ferns and roses.

The bridegroom's sister, Mrs. Maurice Oliver, served as maid of honor. Miss Thomas wore a smart tailor of navy blue with white accessories and wore a corsage of white carnations and tube roses.

Immediately following the ceremony an informal reception was held. Mr. and Mrs. Reppond will make their home in Monroe.

Miss Georgia Rose Roundtree of Tallulah and Miss Laurette Ralph of Eudora, Ark., are having a wonderful time, socially, as the house guests of their sister, Miss Carolyn Oliver, daughter of Mr. and Mrs. Courtney Oliver, on Island drive.

One of the most generous hostesses was the luncheon at the Repponds with members of Kappa Delta sorority hostesses. In the party, in addition to Miss Roundtree and Miss Ralph, were: Misses Carolyn Oliver, Magdalen Ammon, Jena Jackson, Billy McHenry, Sara McConnell, Evelyn Jarrell, Florence Plucker, Patsy Slack, Jean Hale, Mary Lavina Inabnet.

Mrs. Gene Willis entertained members of the Sterling Home Demonstration club with a party at her home in Sterling.

Mrs. Jewel McQuillier, home demonstration club agent, presided during the program hour and led the discussion on "Home Defense."

Plans were completed at this time for sending three members of the club to Baton Rouge for the short course in home demonstration work.

A variety of refreshments and cold drinks were served during the social hour to Misses K. J. Moore, M. Moncrief, C. Alexander, J. Tull, B. Dean, W. E. Hendricks, F. Larmer, T. King, J. Booth, B. W. Wall, McQuillier and Willis.

The next meeting is to be a "quitting party" in the American Legion hall in Sterling.

Mr. and Mrs. W. J. Vessey are planning to leave later in the week for a two weeks' vacation in Mexico City. They will make the trip overland in their automobile.

Friends are welcoming home Mrs. Louis Masur from Rochester, Minn., where she has been a patient in the Mayo clinic.

Don Scalia has returned from Miami Beach, Fla., where he enjoyed his vacation.

Clyde Paine, who is stationed with the 8th squadron at Barksdale field, Shreveport, spent the week-end with his parents in this city.

Beverly Ann Bailey, granddaughter of Mr. and Mrs. J. M. Doss, Simsbury, who spent last week with her mother, Mrs. Lena Bailey, nurse at Riverside sanitarium, is now recovering from a tonsillectomy performed during her visit.

Mr. and Mrs. D. C. Harper spent the week-end in Natchitoches, where they visited Mrs. D. B. Thigpen, who is taking special work at the state normal this summer.

Miss Helen Buchanan of Washington, D. C., is enjoying her vacation in Monroe during her time between her grandparents, Mr. and Mrs. Edward Horton, and her aunt, Mrs. B. E. Handy.

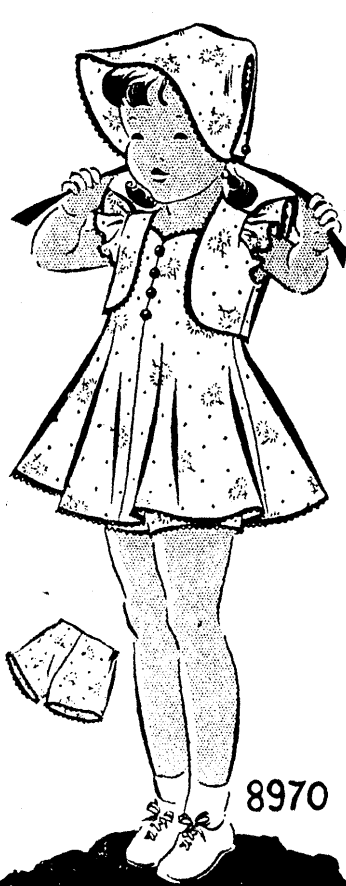

Mr. and Mrs. R. C. Stokes and daughter, Martha, are enjoying their vacation in Colorado Springs and other points of interest in the west.

Mr. Louis Hart and daughter, Mrs. Theodora Hart, will leave later in the week for St. Louis, where they will spend several days with friends and relatives.

Mrs. James A. Wyatt spent the week-end in New Orleans with her son, James Wyatt, Jr.

IT CAN HAPPEN HERE  
SPARTANBURG, S. C.—Private Joe Whittaker of Hollidaysburg, Pa., now at Camp Croft, infantry replacement center, drew a perfect hand in bridge—13 spades. His bid of seven spades was doubled and redoubled and netted him 4,000 points.

## Pattern

8970  
FROCK AND BONNET

A glamour ensemble for a little girl boasts four pieces. The sleeveless pinafore frock, the bolero with wing sleeves, the panties smooth in front with elastic band in back and a bonnet which buttons in the chin and has streamers to tie under the chin. So simply and adorably styled that it is becoming for every little girl—and every little girl's mother will find it a great pleasure to make.

Pattern No. 8970 is in sizes 2, 3, 4, 5, 6 years. Size 3 frock and bolero takes 2-3 yards 35-inch fabric, panties 3-4 yard and bonnet 1-2 yard.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to News-Star—World Today's Pattern Service, 106 Seventh Avenue, New York, N. Y.

## NEW HOSPITAL IS AIDING INSTITUTE

Closer proximity to the new E. A. Cway hospital is proving of value to the boys at the Louisiana Training institute, stated Superintendent Elmer Slagle, Tuesday. He said that while the institute's hospital is still maintained, that serious cases are cared for at the hospital.

Already numerous cases that have required dental treatment, tonsil removal and several cases of appendicitis have been cared for at the new hospital.

The fall semester of the institute will open either on September 8 or 13, the superintendent said. The teachers who will be engaged have not yet been fully determined, but the board of education has made a survey and is in receipt of applications of those who desire to be employed.

Last May 1, members of the teaching staff were informed that they would not receive pay checks during the summer vacation and that those who desired to continue to teach at the fall session would be asked to make applications.

## VETERANS MEET AFTER 38 YEARS

C. A. Hunt And Louis Bricker Renew Stories Of War In Philippines

Louis Bricker, of Warsaw, Ind., who served in the 15th U. S. Cavalry in 1901-1903 in the Philippine insurrection in the islands of Mindanao and Jolo, with his wife and three daughters, made a surprise visit to C. A. Hunt Monday and left a short time afterward for their home in Indiana.

Mr. Hunt and Mr. Bricker had not seen each other for nearly 38 years, since they parted in August, 1903, when Bricker was discharged from the army and returned home after having been made a cripple for life. This occurred in a battle on the island of Jolo.

Mr. Bricker was returning from a motor trip to Colorado and had visited Amarillo and Wichita Falls, Tex. At the last named city he contacted other veterans of his old unit and at Mineral Wells, Tex., he visited his son who is in the army there.

From these Texas cities, Mr. Bricker determined to route his return home by way of Monroe so as to visit his old friend, Hunt.

The two men had much to relate in the short time they had together. Incidentally, Mr. Bricker named his first son after C. A. Hunt because of his fondness for his fellow soldier and especially because of an incident that linked up the lives of the two men when in the Philippines.

## MAN IS KILLED IN 'GOLD COAST' FIGHT

JACKSON, Miss., July 29.—(AP)—A Rankin county "gold coast" fracas last night ended in death for one Jackson man and the arrest of another on a murder charge, Sheriff Graydon Holyfield of Rankin county said today.

Holyfield said Roy Livingston, bus mechanic, had been arrested on a murder charge and lodged in the Hinds county jail following the fatal stabbing last night at a gold coast night club of W. A. Fletcher, 31, mechanic for the Tri-State Bus company.

Fletcher's body was to be sent Wednesday to Shreveport, his former home. Among the survivors are three sisters, Mrs. Nina Adams and Mrs. Daisy James of Shreveport and Mrs. Stella Maxwell of Houston, Tex., and seven brothers, Joe, Erby and Louis Fletcher of Little Rock, Ark., E. C. and Willie Fletcher of Shreveport and George and Vivian Fletcher of Houston, Tex.

## FOUNDER OF LIONS CLUBS GUEST HERE

Melvin Jones, founder and secretary-general of the International Association of Lions clubs, arrived in Monroe early Tuesday and was guest of honor at the Lions club luncheon at Hotel Francis, at noon.

He will attend a special district club meeting sponsored by the Winnabow Lions club in that city Tuesday night. On that occasion, more than 150 Lions club representatives from all over north Louisiana will attend.

After tonight's Winnabow meeting, which will be largely attended by Monroe Lions club members, Mr. Jones will return to Monroe for the night and will leave for Chicago, Wednesday at 6:05 a.m.

## INJURIES ARE FATAL TO MINDEN LAWYER

MINDEN, La., July 29.—(AP)—Wardly Thompson (Pot) Drew, 47, well known Minden attorney, succumbed early today to injuries received Sunday afternoon when hit by an automobile as he crossed a street here.

He is survived by his wife, one son, Cahill Drew, three brothers, R. C. Drew of Bossier City and Judges Harmon Drew and Allen Drew of Minden; one sister, Miss Mary Drew, also of Minden.

Drew, formerly a civil engineer, read law with his brothers here, and was admitted to the bar five years ago, having been engaged in practice since that time with former City Judge Allen S. Drew.

## CAPTAIN ROBERTS WANTS BOY SCOUTS

Captain H. E. Roberts, assistant chief of the Monroe fire department, stated Tuesday that he is in need of 20 to 30 Boy Scouts to report at fire station No. 1, Wednesday at 8:30 a.m. for about two hours work.

He said that he has from 2,000 to 3,000 pounds of tin foil for the Shriners' hospital in Shreveport that he is anxious to have prepared for shipment. He wants the Boy Scouts to aid in getting it ready.

While they are working and doing their "good turn for the day," the captain promises to give them "something nice" as reward for their services.

So Boy Scouts if you want to do something useful, here's your chance!

## LAND PROJECT NEAR FINISH

Only 213 Acres In Ouachita Parish Unavailable For Army Use

With the unsigned acreage in Ouachita parish down to 213 acres, the maneuver council is hopeful of completing the land agreement project here Wednesday, according to George D. Pipes, chairman.

The five major outstanding tracts in the sections of the parish needed for use by the war department during the training games are the Warren Wilson estate and the Willie Briley tract in Ward 5, the Irby Golsen place in Ward 7, the Edna E. Johnson land and the Stuts estate in Ward 8, according to the chairman. Council members have been unable to contact owners or agents for the Wilson, Briley, Johnson and Stuts land, Mr. Pipes indicated.

Land agreements still are coming in for tracts in Wards 1 and 2, not originally included in the maneuver area, the chairman stated, urging holders to return signed forms immediately.

A final report on the land agreement project will be presented to the maneuver council by ward committees at a meeting at 2 p.m. Wednesday at the courthouse, Mr. Pipes announced. Persons who have not made their land available for government use during the emergency period were asked to contact headquarters in the clerk's office immediately—to visit the office or phone No. 1107.

The appreciation of the council for the cooperation and patience of landowners in the parish and of the ward committees for their time and energy invested in the work was expressed by the chairman.

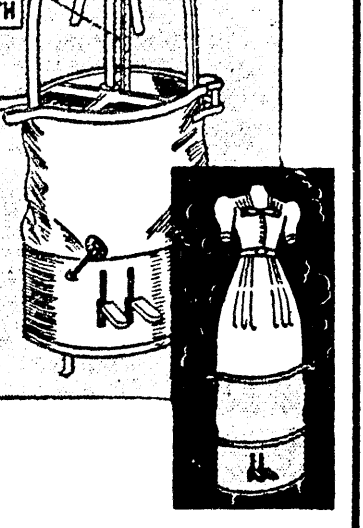

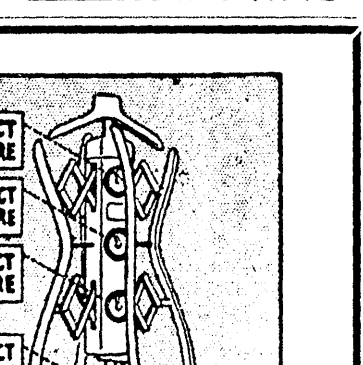

## WILL TRY TWO-WAY PIGEON SERVICE

ALEXANDRIA, La., July 29.—(AP)—Two-way pigeon message service, latest communications innovation, will be performed for the first time in the coming maneuvers by the 280th Pigeon Signal company of Camp Claiborne, first unit of its kind in the army.

The company has received orders to dispatch three field units of 60 birds, two officers and 12 men each to "battle" stations near Shreveport and Lake Charles.

No dates for the moves were designated but units were assigned to Lake Charles to operate with the 21st Signal company, to Newton, near Lake Charles, to operate with the 101st Signal battalion, and to Mansfield, near Shreveport, for service with the 203rd Signal battalion.

The birds are trained to carry messages from point to point and to pick up replies or other messages for a return trip.

## CHAIN LETTERS CALLED ILLEGAL

Postoffice Department Ready To Act Against Law Violators

Postmaster J. R. Wooten has received notification from the office of the solicitor general, Washington, D. C., that circulation of chain letters soliciting defense savings stamps is a violation of the postal fraud and lottery statutes.

Notices requiring persons who have been taking part in the chain schemes to show cause why they should not be prosecuted for violation of the statutes, are now being served according to the solicitor general. Mr. Wooten said that charger will be filed in federal court against anyone who endeavors to circulate these chain letters. He requests persons who receive these letters to turn them over to him. They will be handled in a confidential manner, he said.

## BUTTERFLY VS. THISTLE

The painted lady butterfly owes its wide distribution to the fact that it thrives on a plant which has been most successful in gaining a foothold throughout the world. This is the thistle whose seeds travel 1,000 miles or more.

## MOTORBOATS

There are more than 300,000 registered motorboats in the United States, and it is estimated there may be 200,000 unregistered boats and 200,000 outboard motors in use.

## Axis Held Together With Haywire

What holds the axis together?  
Is it hope of loot? Is it sheer overawing of Italy and Japan by the superior force of Germany? Is it desperation born of the thought of "What if we lose?" Is it a vast mutual international inferiority complex?

Maybe it's simpler than any of these. Maybe it's just haywire.

Recent publicity efforts of the axis powers suggest that the strain of the past 10 years has been too much, and that the much-vaunted ingenuity of axis propaganda has exhausted itself and gone completely haywire.

If there is anything that a super-race and its super-by-courtesy hangers-on must never do, it is to appear ridiculous. Yet if anything could be more ridiculous than some of the recent efforts of Signor Gayda and the pupils of Dr. Goebbels, it would be hard to find it.

The Italian government-controlled newspapers are all sympathetic with the thought that the United States by its conduct is risking war. It is deeply concerned by the thought that American boys may be asked to continue military training for more than a year. For a country which was pitched into war by a single leader and without the ghost of a reason, a country whose every male child is from the age of 5 subjected to rigorous military training all of his life, such comments are so ridiculous as to result only in a long horse-laugh.

The crocodile tears of a Berlin paper, which charges that President Roosevelt is circumventing the rights of congress, are equally ludicrous. It is hilarious for a country which threw its own congress completely out the window eight years ago to take this stand in relation to an incident in which every American child of 7 knows that the president has put the issue squarely up to congress.

Two countries which have openly avowed their intention to put an end to "decadent democracies" shed crocodile tears over the rights of democratic citizens and the functioning of freely elected democratic legislative bodies! It is to laugh.

The object of the propaganda services of totalitarian countries is not to make other people laugh. When the telegraph wires in the lands of the barbed wire go haywire, it's time to look for short circuits.

## Manhattan

By GEORGE TUCKER

NEW YORK—To a good many citizens hereabouts, the most important purveyor of South American rhythms in this section is Adolfo Roquellas, known more familiarly to the public as Pancho.

Pancho, who seemed for awhile to have been born almost 15 years too soon, rattled his maracas virtually unheeded through the latter years of prohibition (they were playing jazz then and singing "I'm looking at the world through rose-colored glasses"—remember?) and on through the latter years of the Thirties until eventually, national thought and the South American way finally pulled abreast of him.

He never played Latin music exclusively, and for this reason he was always ahead—even if behind a polite grimace—to oblige with a little of "Butter Up Your Overcoat" when he would rather have been playing something rhythmic and swivel-hipped about a sleeved Peruvian belle.

I suppose you can get an argument when you claim anything is first, but if any other maestro on the current scene has had more to do with the slow but steady wave of Latin appreciation in popular music in this country, I would like to know his name.

Pancho is thin and slight with features that even might be called delicate. He was kicked bodily out of his house in Buenos Aires by an irate father who could not share his heir's enthusiasm for life in the dance casinos of Los Estados Unidos.

There are those who claim that you can do all right by yourself if you can build a better mousetrap, and, in a sense, this is what our outcast did. He built a better tango and won \$10,000 in prize money from a steamship company that was launching a new luxury liner and drumming up enthusiasm by a South American-wide tango-composing contest.

Staggering under this hale of being money, Pancho hurried to New York and organized his own orchestra and soon thereafter was encountered in the Embassy club, famed during prohibition, and for a while later, as a place where people loved to spend money.

That was a long time ago, and Pancho made the days hum by rippling off scores of rumbas, waltzes, tangos and other rhythmic lullabies. When he is of a mind, his fiddle is active. He plays "Lobsterman" more satisfactorily to me than any other orchestra. When Veloz and Yolanda gave their great dance concert at Carnegie Hall, it was Pancho who played.

This, in part, is why I "Pancho" to people who ask for a preference in South American music, and it is the reason, too, on warm summer nights, that I sometimes ride out to Ben Marden's Riviera, where Pancho is playing through the summer, and sit through an evening of his rhythms.

Doris Houck is one New York chorus girl with literary inclinations. Already she has published a book called "Analysis of the Hairy Ape."

The closest thing to a matinee idol in the theater this season seems to be Dick Wang, the kid from Fred, who plays the role of a Welsh coal miner in "The Corn Is Green."

## Jimmie Fidler

HOLLYWOOD, July 29.—Glancing over the current crop of fan magazines, I was amazed by the number of Rita Hayworth photos—54 in all, and almost every one a "leg" shot. Certainly no other young star in screen history ever received more publicity—and certainly no other ranking star ever threw dignity overboard so recklessly in order to get it.

Commonly, when a glamour girl graduates to the big-time actress league, she turns a new leaf and professes to disdain the sexy art and sensational stories which formerly were her chief weapons in the battle for fame. In short, she becomes so gosh-darned dignified and uppity that we commoners of Hollywood no longer dare approach except on bended knees and with downcast eyes.

But not Miss Hayworth. Today she's no more averse to a swim-bikini photo, or a pose in negligee, than she was five years ago when she was begging for breaks from the same editors who today are begging for her favors. Consequently, Rita is the idol of every reporter and news photographer in Hollywood.

Recently, I've heard many of our pompous fuddy-duddies criticize her for not assuming the stately decorum considered proper for her new estate. Personally, I rate her critics imbeciles and Rita (bless her curves!) the smartest young lady to hit this daffy town in years. If she follows her present course, she's going to be one of Hollywood's most discussed personalities for many a profitable moon.

Personal Observations: If you want to please Lana Turner, praise her dainty feet, not her figure. . . . Billy Gilbert's chief stock in trade is a sneeze, but, come to think of it, I've never seen him with a cold. . . . When Warren William invites you to view his collection of marine prints, you've been accepted as a pal. . . . Listen carefully to Bing Crosby's absent-minded humming; nine times out of ten it'll be the Brahms Lullaby. . . . No star in Hollywood has a keener memory for names and faces than Maria Ouspenskaya. . . . If Carmen Miranda really approves, she'll chorle: "It's simply Plutonic." . . . Interest Eddie Albert in the debate and he'll balance on the balls of his feet and teeter. . . . I like Carole Lombard's habit of reversing the chair, straddling the seat, and resting her chin on the back.

Cuff Notes: Refute rumors that Director Garson Kanin, recently drafted, is having a soft snap meggung shorts for Uncle Sam—he's been on K. P. duty at Camp Monmouth. . . . When Lily Pons returns to RKO this fall, her first assignment will be Noel Coward's "Conversation Piece." . . . Congratulate fisherman Dick Powell on that gold-button swordfish—it weighed 233 pounds and battled 90 minutes. . . . Ask orch leader Tommy Dorsey if it's true he'll give up the baton to agent for other bands. . . . MGM composer George Bassman and his missus have rifted; she's talking to attorneys. . . . Check report that Paramount's "The Shepherd of the Hills" acclaimed elsewhere, caused a near riot in the Ozark town supposed to be its true locale. . . . That picture the Andrews Sisters turned down at Universal was "Juke Box Jenny" (they refused it (and \$50,000 salary) because they didn't want to do anything to hurt the juke box trade, which made them rich. . . . Hear Burns and Allen will lose a big salary cut for their fall show. . . . Find excuse for a visit to the Jack Oakie manse—and take a few empty jars; when hot weather made it start melting they discovered a huge honey cache in their roof. . . . Gridstar Tommy Harmon is definitely out of the draft with a 3A deferment.

Confidential Communiques to Judy Canova: It's none of my business, ma'am, but for the sake of your own happiness, don't you think you'd better pick your future husbands in the dark of the moon? . . . Hollywood's cowboy stars: Keep a jealous eye on tri-star Sammy Baugh, currently screening for Republic—the guy rides a horse as well as he hurls the pisikin. . . . George Brent: Tch, tch to you, sir, for slipperily torturing, when asked about marriage plans: "I'd rather buy a new car. It's easier to back out of a garage!" A man with a girl like Annie (Sheridan) shouldn't make such cynical remarks.

## Our Children

By ANGELO PATRI

### ON KNOWING WHAT TO SAY

"Here, Rubin, take this package over to Mrs. Starr and tell her that I thought she could use it."

"Aw, I don't want to go there. I don't know her."

"You don't need to know her. Take the package and run along. I want you right back to be in time for supper."

"Aw, What'll I say?"

"Nothing. Just give her the package and tell her I thought she could use it."

"But what'll I say? I don't know what to say."

"Of all the stupid—What's the matter with you? I've told you a dozen times what to say. Don't stand there like that? What are you crying for anyway? I can't ask you to do the least thing—What are you crying about?"

"You send me on an errand and you won't tell me what to say and I don't know what to say. I have to know what to say or I can't say it," and Rubin's tears flowed fast.

For an instant his mother stared at him, speechless. Then she made a motion toward him which his grandmother checked with a glance of her eye. "Tell her, Rubin, this. Just say: Mother says the package you can use these. That's all. Just Mother says you can use these. Ring the bell and say that to whoever comes. Now tell Granny what you are going to say."

Gulping back the sob, Rubin repeated the message. "Now wipe your face and don't let anybody see you crying. There, you look all right. What are you going to say? That's perfect. Good boy."

Mother watched him go, her face a study of exasperation and astonishment. "He had to pass the package to hand in along with the bundle. Mine, he is shy. He can deliver a package but he can't speak for himself. You have to give him the words just as you give him the bundle."

Shy children are always helped by the certainty that delivering a package gives them. If they have to talk to the recipient they find themselves in difficulty. You ease this if along with the bundle you give them the words they are to carry. They don't think over and over in their minds as they go and they help with the fact that protects them.

Give them the exact words. Make the story hard so it will be easy to carry. If the message is involved write it and let the child deliver it. Shyness affects speech. The mouth dries up and the tongue clings to the roof of the mouth and no words come from the confused mind. Make it easy for the shy child to be comforted by telling him exactly what to say and let him be sure of himself he will have much of the shyness and practice will perfect him.

Knowing just what to say at any time is a great help. Introductions, apologies, greetings, and farewells are hard for shy children. Teach them beforehand just what to say and you relieve them of anxiety, free their minds, and enable them to perform acceptably.

## Washington Daybook

By Jack Stinnett

WASHINGTON—The capital in wartime:

The number of people this war has thrust between the horns of a dilemma couldn't be estimated, but the situation of "For Finland, Inc., 522 Fifth Avenue, New York, N. Y.," certainly is a case in hand.

No nation that has fallen under the heel of aggression has had more sympathy from the United States than Finland. The phrase "poor little Finland," with all the implications of come-stand-with-America, Finland had paid its war debt installments to the United States. Its government was democratic. Its sociological pattern was one that people in the United States admired. Its courage in taking up arms against an aggressor far superior in size and arms practically made the old Liberty Bell ring all over again.

Then what happened? Germany goes to war with Russia. Finland joins hands with the Nazis. America's friend, Great Britain, officially and actively joins the Soviet, tying the United States hand and foot into at least a technical opposition to Finland.

The Finns, through their minister here, Hajnar Procope, and through their New York publicity corporation, in its publication called "Letter from Finland," try desperately to prove that Finland is fighting only "for Finland" and Finnish freedom and charge again that Russia was the aggressor and the Nazi declaration of war against the Soviet had practically nothing to do with the new outbreak of hostilities between Finland and her big eastern neighbor.

Reddit Of All

Perhaps those persons whose faces are the picture of all this are the officers and national committee members of "For Finland, Inc."

For example, there is the honorary president of the organization, Mrs. J. Borden Hartman, who, as minister to Norway, covered herself with glory in seeing through the "regrettable incident" in which the Nazis took over the Norwegians.

Among the committee members, who are, or were, "all-out" for Finland, mind you, is Colonel William J. Donovan, who not only was the ears and eyes of Navy Secretary Frank Knox in recently trips to the war zone, but who more recently has been appointed by the president to the post of coordinator of all war "intelligence" services.

There is also on the committee one Jesse Jones, who as secretary of commerce and No. 1 financier of national defense projects.

## 15 Years Ago

July 29, 1926

"The Quachita parish truck grower is in a fortunate situation whereby he will be in a position to profit greatly if he is alive to the situation," said J. W. Weston, of the agricultural department of the Missouri Pacific railroad. "It is so that growers here can raise cabbage and ship to northern markets with an advantage of \$10 a ton freight rate over competitors more remote from the great markets of the country. This parish is able to raise the best of all cabbage and the price is high, leaving a good profit for growers."

The new Quachita parish high school, units two and three, are to be completed in another week, stated Contractor Frank Masling and after that the installation of plumbing and heating fixtures will require another week. On August 15 the building will be in readiness to be turned over to the school board for its acceptance. Superintendent T. O. Brown anticipates that the opening of the fall term will see a greatly increased enrollment. A number of new instructors will be added to keep pace with the remarkable growth of the school.

The new world center for "machines" is West Virginia, where they are made of glass. Real machines are not to be had on the general market now, since they were hand-cut and polished in Germany and Czechoslovakia, from chalcidol.

Whatever the critics did to us, I thought, they must give our state a rave.

Suddenly Tommy's hand was at the back of my neck, moving me forward and not very gently. "Haila! Look out!"

"What's the matter?"

He pointed at the flats behind me, dull green slabs of canvas that would be lashed together to make the third act dining room set. "I told Phoebe to warn everybody," he growled. "The damn painters didn't get enough glue in their paint. It'll come off on you."

I jumped away with alacrity, craning my neck over my shoulder to spot any damage. "I'm all right, aren't I, Tommy?"

"Yeah, so far. But be careful!" He looked out over the stage, then up at the light board and back at me. "Okay, Haila, let's go. Good luck!"

It was right then, without any warning pangs at all, that stage fright hit me. I knew it from the wet, clammy feeling of my hands and the rockiness in the pit of my stomach. Frantically I searched for one of my lines, not necessarily the first line, just any line, and there were none. The set blurred before my eyes and I took hold of Tommy.

"Never to do this again," I said weakly.

Play Begins

A soft buzz that was the signal from the front of the house sounded and the set was cleared. The curtain lifted smoothly and after a second the

telephone rang. I breathed my customary opening night prayer. "Dear Lord, just let me get through this thing tonight and I'll never go near a stage again, never, never, never."

Tommy nudged me and then my legs were somehow carrying me across the stage toward the screaming telephone, my hand was somehow finding the receiver. The little squeal that I knew was the only sound that could possibly emerge from my tightened throat didn't come out. Something amazingly close to my ordinary voice was saying "Hello!" into the mouthpiece, and when Philip Ashley came in through the French windows and we swung into our first scene, I hastily took back my prayer. I was having a swell time, perfectly swell. I wanted to stay on the stage especially that stage, for the rest of my life.

Green Apples was a good play, too, of the fluffy, English drawing room school that is almost passe in the American theatre, but it had something that the passe ones don't have. Tea was served only once and Hoes were completely ignored. Greeley Morris' dialogue was crackling smart, and if the characters weren't real, they were at least amusing.

I remember that performance only blotchy, as though it had been pressed upon my mind in alto-relievo, some parts of it standing out vividly, the rest fading into the hazy background of an opening night.

I remember the audience, warm and friendly, laughing in the right places, quiet in the right places, glad that they had spent their four-forties and dollar-tens. I remember the first intermission when the curtain came down on a burst of applause that made us all grin happily at each other as we scampered for our dressing rooms.

Old Ben Kerry alone was not excited. Shaking his head in glum surprise, he muttered, "Damn thing seems to be going!" and Clint Bowers, watching smilingly from the wings, clapped him on the back and laughed.

Phoebe Thompson, who had been pressed upon my mind in alto-relievo, some parts of it standing out vividly, the rest fading into the hazy background of an opening night.

# CARDS, DODGERS BEGIN 'MAKE OR BREAK' SERIES

## CONTESTS ARE ALL-IMPORTANT FOR BROOKLYN

### Sliding Flatbush Nine Has Chance To Overtake St. Louis

By Bill Boni  
(Associated Press Sports Writer)  
Watching on both their hitting and their pitching legs, the Brooklyn Dodgers moved into St. Louis today for what may be the "make or break" series of their National League pennant aspirations.

Just two weeks ago these Dodgers were in first place, enjoying a four-game margin over the Cardinals. Then the hard-running, hard-hitting, ever-scramping Redbirds moved into Ebbets field, beat the Dodgers in both contests of a short series, and started them on a toboggan slide that has them two lengths back of the Cards.

The source of this present Dodger dilemma seems to be a combination of things, including pitchers who haven't been able to hold leads, hitters who haven't given those pitchers any big leads to hold, and, apparently, lack of sufficient youth such as is sparking the Cardinals and the oncoming Pittsburgh Pirates.

Up to that fateful July 15 Whit Wyatt and Kirby Higbe, with the help of Hugh Casey, were moving down the list of three who have been able to win since, and the only three victories in the Dodgers' 12 tilts in those two weeks have been credited to Curt Davis and Mace Brown, in relief roles, and to Luke Hamlin, who needed help from Higbe.

Hamlin was expected to get the call for today's encounter with the Cards, first of two, against Lon Warneke or Max Lanier. For the second game it likely will be Higbe again, who already has worked in four of the seven contests on Brooklyn's current western trip.

Over the same stretch in which Brooklyn has lost nine and won three the Cardinals have lost nine and won three, even though Ernie White has been the only St. Louis pitcher able to go the route.

So deep is the present Dodger despair that Manager Leo Durocher, at last report, even was considering taking the step he'd vowed he wouldn't—putting himself back into the lineup in place of Pee Wee Reese at shortstop. The drive which Durocher at last report has had might be just the incentive the Brooks need.

Yesterday's major league holiday, in addition to giving time to study the Brooklyn plight, also gave the statisticians a chance to collect some new figures on the New York Yankees. These latest are attendance figures, which show that in 41 home dates the American league leaders have averaged 19,369 paid admissions. With 32 at home still to be played, they may better the Yankee stadium record of 1,200,000.

The Yanks resumed their home stand today against the Detroit Tigers, with Alvin Dark and Hal Newhouse the likely pitching rivals. For the American league leaders have averaged 19,369 paid admissions. With 32 at home still to be played, they may better the Yankee stadium record of 1,200,000.

In the National league it was Boston at Pittsburgh (Clayton against Sullivan), New York at Cincinnati (Schmiedel against Riddle), and Philadelphia at Chicago (Pearson against Lee).

## SPORTS MIRROR

Today's event: Harry Jeffers outpoured Spider Armstrong in 15 rounds to retain disputed world featherweight title.

Three years ago Joe Burk, United States and Diamond Sculls champion, won Canadian Henley championship, setting new record of 7 minutes 19 seconds for mile and five-eighths.

Five years ago New York State Athletic Commission took away Joe Jacobs' license as manager of Madison Square Garden, Sept. 26, for heavy right hit bout between Max Schmeling and Jim Braddock.

## RECREATION LEAGUE

The second half schedule of the Recreation baseball league gets under way here today with the L. T. 1. Pels, leaders during the first half, meeting the Barkdull Faulk Cubs on the Barkdull Faulk diamond, and the L. T. 1. Cans engaging the Lida Benton Bees on the Lida Benton lot.

The Cubs were the second place Eagles in the first half. All other team names remain the same.

Tomorrow's games will find the Bees facing the Pels and the Cubs meeting the Bees. Thursday the Cubs meet the Bees and the Pels and Cans get together.

It was announced that it was not too late to enter new teams in the league for the second half race. Any teams composed of boys up to 17 years old will be accepted this week if application is made at the Recreation center.

## MOBLEY RISKS LIGHT HEAVY TITLE TONIGHT

### Engages Jack Curtis In Championship Bout At Monroe Arena

Rex Mobley, light heavyweight wrestling champion of the world, risks his crown here tonight in a title match with Jack Curtis, the Vicksburg flash, on Promoter Gus Kallio's weekly mat show at the Monroe arena.

A semi-final battle between the Black Dragon, masked mystery man of the ring, and Eddie Williams of Springfield, Mo., will start the show at 8:30 o'clock. The main event will get underway at approximately 9:15 o'clock.

Mobley, a product of Texas, is making his first appearance here in several months, but he is an old favorite with wrestling fans of this area. Curtis is about equally well liked by Promoter Kallio's customers, and both grapplers should have plenty of supporters on hand tonight.

The Mississippi brawler already holds two titles, but the title at stake tonight is the richest prize a light heavy can claim, and Curtis would like nothing better than to score a victory over the Texan. Curtis is junior light heavy champion of the United States and Southern light heavyweight title claimant.

With such a prize at stake mat fans should be treated to one of the best performances of the year although Curtis and Mobley will have to go all out to produce another battle as thrilling as the scrap Curtis gave Dizzy Davis, colorful Hollywood grunter and growler here last week.

But the Curtis-Davis bout was stimulated by the fact that the winner of the match had been assured he would be given a chance at the title. Curtis can be expected to fight just as hard to win the Mobley belt as he did to get the shot at it.

Mobley has held the crown since he first won it a year ago from George Becker of New York at Jackson, Miss., and has since defeated Becker when the ex-champ sought to reclaim the belt at New Orleans.

The Dragon-Williams scrap will be a case of good title man against a good big man. Mobley's advantage is speed and his opponent's is power. The Dragon, out of the toughest heavyweights ever to appear here, has yet to be unmasked in the local arena.

The main event will have an hour and a half, two falls to win, and a draw will result in a third fall. Mobley will still be champion even if Curtis should be able to force a draw.

The curtain-raiser will have a 45-minute time limit and will be a hand-to-hand affair. The Dragon, because of his weight advantage, must win two falls in the allotted time or Williams will be declared winner.

Alden "Butch" Martin will referee both bouts.

It will also be "champion night" for the kids and all children appearing with some of the alumni of the arena, to be contributed to the government for national defense, will be admitted free. There will be a slight increase in prices on the choice seats, but the general admission price will remain the same.

The White Sox will be back in Cactus park tomorrow night to open a three-game series with the Texas and Twin who will be making their last appearance of the season here. Marshall will follow Texarkana for three games, and it will be the only time that season that the Tigers will play in Cactus park. The Sox will go to Hot Springs.

El Dorado 100 200 111—4 12 3  
Hot Springs 100 414 11 13 1  
Saxder, Hendrix and Zachary, Lindsey and Pawelick.

Marshall 100 100 004—7 16 4  
Texarkana 100 100 306—10 11 0

## White Sox Resume Series With Hill Billies Tonight

### Game Scheduled For Last Night At Vicksburg Postponed By Rain

The Cotton States league, and Monroe White Sox, the Bills' closest rival for the loop leadership, resume their diamond warfare tonight in Vicksburg after their scheduled series opener at the Hill City last night was postponed because of rain.

Although it was not definitely known here it is likely that two games will be played tonight.

The Sox at the present are three and a half games ahead of the Hill Billies but they can close the gap considerably with a pair of victories over the leaders.

To date the two clubs have met six times to a draw. Monroe has beaten Vicksburg eight times, and the Bills have polished off the Tattlers for an equal number of wins.

Tom Perry has beaten the Bills twice and lost none. Ray Hoffman scored three wins over the leaders and dropped two; Jim Hogan has two wins against one defeat in games with Vicksburg; Theo Hoemann has won his only start against them, but "Major" Bowles, Will Reeder and Verne Williamson have yet to triumph over the Hill Billies. Williamson has lost one while Reeder and Bowles have dropped two each.

John Jaut, the Bills' left-hander, is just plain poison to the locals. He has just seven victories for the season against four defeats, but four of his triumphs have been over the Sox and two of them his opponents have been the Hill Billies. Williamson has lost one while Reeder and Bowles have dropped two each.

With such a prize at stake mat fans should be treated to one of the best performances of the year although Curtis and Mobley will have to go all out to produce another battle as thrilling as the scrap Curtis gave Dizzy Davis, colorful Hollywood grunter and growler here last week.

But the Curtis-Davis bout was stimulated by the fact that the winner of the match had been assured he would be given a chance at the title. Curtis can be expected to fight just as hard to win the Mobley belt as he did to get the shot at it.

Mobley has held the crown since he first won it a year ago from George Becker of New York at Jackson, Miss., and has since defeated Becker when the ex-champ sought to reclaim the belt at New Orleans.

It will also be "champion night" for the kids and all children appearing with some of the alumni of the arena, to be contributed to the government for national defense, will be admitted free. There will be a slight increase in prices on the choice seats, but the general admission price will remain the same.

The White Sox will be back in Cactus park tomorrow night to open a three-game series with the Texas and Twin who will be making their last appearance of the season here. Marshall will follow Texarkana for three games, and it will be the only time that season that the Tigers will play in Cactus park. The Sox will go to Hot Springs.

## ARMY BAKERY BEGINS WORK

Will Produce 225,000 Pounds of Bread Daily For Maneuvers

NEW ORLEANS, July 28.—(P)—An army bakery that will provide bread for the half million troops in the gigantic late summer maneuvers in Louisiana today began turning out on a mass scale specially "cured" loaves that will stay edible for two weeks.

Today's schedule called for enough bread for 22,000 soldiers. The production will be stepped up until the bakery, working around the clock seven days a week, is turning out 225,000 pounds of bread every 24 hours. Eleven hundred soldier-bakers from six southern army camps have been brought here to produce the bread, which is baked in 112 kerosene ovens in a 300-foot long shed at Jackson barracks.

Major Harry Fenton, executive officer at the barracks, said the bakery is larger than any unit set up on European battlefields.

The first shipment of bread baked today will be shipped out August 5 since the loaves will need 24 to 48 hours of "curing" after the baking and cooling is completed.

When the half million soldiers begin their maneuvering through central Louisiana in September in the greatest war games ever held in America the bread will be shipped to them in the field.

Officers said the first loaves baked in the huge kitchen were two-pound garrison loaves but soon would be replaced by "field" loaves which are circular rather than oblong and are about twice the size of garrison loaves.

The army bakery companies engaged in the job came here from Camp Livingston, La.; Benning, Ga.; Sill, Okla.; Sam Houston, Tex.; Shelby, Miss., and Blanding, Fla.

## REPORT RUSSIANS REASSURE TURKEY

ANKARA, Turkey, July 28.—(P)—At the suggestion of the British, Premier Joseph Stalin of Soviet Russia has written President Ismet Inonu of Turkey to assure him that Russia has no designs on the Dardanelles and the Bosphorus according to highly-placed authorities.

British diplomatic sources said that Sir Stafford Cripps, British ambassador to Moscow, had been instrumental in persuading Stalin to write the letter to counter repeated Nazi assertions that Russia was intriguing for military bases on the strategic straits guarding the entrance to the Black sea.

The letter was said to have been drafted late last week, but there was no immediate official confirmation of its arrival in Ankara.

## JARMAN TAKING CAMP COMMAND

Former West Monroe Resident Given Transfer To Georgia

Special interest is aroused in the Twin Cities in the announcement of the transfer of Major General Sanford Jarman, from commanding officer of the Panama coast artillery in charge of setting up positions to defend the Panama canal from sea and air, to command of Camp Stewart, Ga. General Jarman was one of the most brilliant students to attend Ouachita Parish High school, according to T. O. Brown, who recently commented on his past association with the general as a student here.

Jarman came up step by step by his own persistent efforts and made good in a striking manner. Ouachita Parish High school claims him among its most distinguished graduates.

Near the turn of the century, Jarman was graduated in the little class that was then given diplomas. The young man had had a rather hard financial struggle to secure this education, coming from a modest home, that of Mr. and Mrs. J. S. Jarman in West Monroe.

At that time the Ouachita parish police jury offered a scholarship in Louisiana State university and Jarman took the tests that were given by T. O. Brown, E. L. Neville, and Rev. Father Enaut. He passed with flying colors and spent several years in the state

## U. S. BOOTLEGGERS USE CONVOY SYSTEM

OKLAHOMA CITY, July 28.—(P)—Uncle Sam is having convoy trouble—and it's not in getting lease-lend goods to England.

Liquor runners operating out of Texas into dry Oklahoma state have adopted a convoy system which has been used by the United States district attorney, said today.

Convoy drivers ahead of liquor trucks and signal them when officers are spotted, Diemaker explained.

## DEAN FUNERAL IS CONDUCTED

Services Held At First Baptist Church For Newspaper Employee

The funeral of Paul Dean, 49, member of the circulation staff of the News-Star-World was held at the First Baptist church, Tuesday at 3 p.m. His death occurred suddenly Monday morning as the result of a heart attack. Mr. Dean had been employed for 10 years by the newspapers here.

Rev. L. T. Hastings, pastor of the church, officiated and interment took place in Riverview Burial park. The Mulhearn Funeral home directed funeral arrangements.

Pallbearers were: H. B. Murdock, P. M. Edwards, Vernon Harrell, Percy LeBlanc, C. V. Sanders, and E. J. La-Monica.

Mr. Dean was a native of Oakland, Union parish and was educated at Louisiana State university. After leaving the university, he taught school at Westlake, La., for 16 years. He then removed to Monroe to accept the position that he was holding at the time of his death.

He made a wide circle of friends throughout northeast Louisiana because of his kindly nature and traits of character that endeared him to those with whom he came in contact.

Surviving are his wife and one daughter, Mrs. Catherine Vaughan, Monroe; his mother, Mrs. J. A. Dean, Ponchatoula, La.; two sisters, Mrs. Jay Colburn, Ponchatoula; Mrs. L. J. Jarman, Marion; and four brothers, Oltha Dean, Little Rock, Ark.; Elmer Dean, Bisbee, Ariz.; Humphrey Dean, Dallas, Tex.; and Jim Dean, Marion. A niece, Martha Carolyn Upshaw, has resided with the Dean family for some years.

## REPORT DEATH SENTENCES

BERLIN, July 28.—(P)—DNB, official German news agency, reported today from Bucharest that a military court had sentenced to death 21 persons convicted for the most part in Absentia of murdering members of the regime of former King Carol last November. Many also were reported convicted for participating in an uprising against the government in January.

The Greeks who lived in the first century B. C. knew that the moon caused the tides.

## The War Today

By DeWitt MacKenzie (Associated Press Foreign Affairs Writer)

One of the grim aspects of the great conflict in the Russian theater, which today's reports indicate is continuing with fierce intensity but without much change in position, is that it has developed into a savage and primitive battle of extermination which is costing the lives of untold thousands.

The Nazis early announced and frequently emphasized complete destruction of the Red army as its primary objective. The matter presumably was publicized by Berlin for the purpose of breaking Bolshevik morale, but for once Nazi propaganda—which has been uniformly clever in this way—seems to have gone wrong. Somebody overlooked the fact that there were few announcements likely to make the Reds fight harder.

The Muscovites instead of quitting have accepted the German game and responded in kind to the Hitlerian methods of liquidation. The result, as I pointed out yesterday, is an altogether bloody business of the survival of the fittest.

But there is another issue in this terrible battle of millions which far transcends the ordinary stakes of war. That is, which of the two regimes, Nazism or Communism, is to survive. The Hitlerites haven't limited their objectives to the obliteration of the Red army. They say they will destroy the Communist regime also, as witness their statement a few days ago that "there will not be any Soviet Union at the end of this war, and there will not be any Bolshevik regime which created this union of Soviet states."

To this threat the Muscovites haven't replied in words. We do have what serves for an answer from wholly different quarters. Acting Secretary of State Welles declares that "there can be no peace until the Hitlerite government of Germany has been finally and utterly destroyed." That echoes British Premier Churchill's historic line.

"We seek to beat the life and soul out of Hitler and Hitlerism—that alone."

Now if two and two do make four—if Hitler is bent on destroying the Communist regime and if the allies are determined to beat the soul out of the Nazi regime—one is forced to the conclusion that either the Communist or the Nazi government is on the way out.

The death of either would, of course, represent a world-rocking development. Still it strikes me that inter-

## CIVITANS HEAR ABOUT CANADA

Metcalfe Tells Of Stamina Of Canadians And War Sacrifices

Interesting sidelights as they concern Canada and the eastern part of the United States in the present crisis with the axis powers were given at the West Monroe Civitan club at the First Methodist church, Monday night, by D. C. Metcalfe, who recently returned from a trip to his old home near Montreal, Canada.

He said that Canada was really in the war with her heart and soul and that the morale was high and showed no signs of weakening. The people he said, were willing to sacrifice everything if need be, for the cause of the preservation of world-wide democracy. Taxes had mounted on business men, because of wartime needs and preparations, and he said that even small business concerns in many cases were paying as much as \$100 a year in various combined taxes, but not a murmur was heard.

This was shown in the case of a man whose son is in the royal air corps. The father said that while he is taxed heavily that he would willingly give his all if need be for the achievement of the great end in sight.

This case is symbolic of many other cases, Mr. Metcalfe said. He told of a German concentration camp that is located 40 miles from his old home. The guard eyed one middle-aged newcomer with interest, he said. It developed that both men had been in World War No. 1, and at that time, the present guard was a prisoner of the Germans, and the man before him had been his guard, positions now being exactly reversed.

In the return motor trip, Mr. Metcalfe said that in Virginia and other far eastern points the people seem to have more appreciation of the war time conditions than we have in the south. They seem to realize the situation and it is seemingly coming closer home to them than in some parts of the country. He said that four-lane highways, as military roads, are being hurried to completion in places in Virginia and preparedness is in the air everywhere there.

President F. C. McConnell, of the club, told briefly of his own trip to Carlsbad caverns, San Antonio and into the fringe of Mexico.

President F. C. McConnell, of the club, told briefly of his own trip to Carlsbad caverns, San Antonio and into the fringe of Mexico.

The president announced an executive board meeting in his office Friday at 7:30 p.m.

## JAPS WILL ENFORCE 'THOUGHT CONTROL'

TOKYO, July 28.—(P)—Hiromasa Matsushita, Japanese procurator general today, told Japanese reporters he regarded "thought control and anti-espionage programs" his most important task.

"National secrets must be guarded strictly to establish a high national defense structure," he said. "Therefore anti-military rumors, speech and action must be punished strictly."

He said any crime against national defense probably would bring the maximum possible penalty.

The new procurator general is known throughout Japan for his campaigns against Communists.

## CITY COURT

W. M. Harper, Judge  
R. D. Burgess, N. S. Spillers, P. H. Frost, all charged with intoxication, each forfeited \$7.50 cash bond. Frost, also charged with operating a motor vehicle with defective brakes, \$10 cash bond forfeited.

Izell Turner, negro, charged with intoxication, found guilty, \$7.50 or 7 1-2 days; charged with intoxication, second count, found guilty, \$10 or 10 days. Jerry Daniels, negro, charged with drawing and displaying a dangerous weapon, found guilty, \$12.50 or 12 1-2 days; charged with fighting, \$10 or 10 days.

C. L. Whitford, Charlie Toombs, Will Fuller, Earl Jones, Jessie Mills, Clarence O'Neil, all charged with intoxication, all found guilty, each \$7.50 or 7 1-2 days.

One person was assessed one dollar for overparking or improper parking. Two persons were fined \$2.50 and one person \$5 for other traffic violations.

## CHARLES MITCHELL TO ATTEND MEET

Charles M. Mitchell, member of the state board of public welfare, will attend a special meeting called in Baton Rouge, Wednesday to meet with members of the New Orleans welfare board.

The purpose of the meeting is to effect plans for the functioning of the state group under altered conditions resultant from the recent unfavorable report by the supreme court on re-organization legislation.

## WAGNER RULED OUT OF MARRIAGE RITES

CLEVELAND, July 28.—(P)—Catholic churches in the Cleveland diocese are gradually dropping the custom of playing the so-called "wedding march" from the German opera "Lohengrin."

Most of the churches already have discontinued the number, which has no part in the marriage ritual, it was reported today. Other music with a religious background is being substituted.

"Lohengrin," one of several operas written by Richard Wagner, was first produced on August 28, 1850.

The position of the clergy at Cleveland St. Aloysius church, one of the largest on the east side, was expressed in the current parish bulletin.

Under the heading, "The Wedding March—Pagan or Catholic?" the announcement said it was a mystery "how it ever came to be used in Catholic marriage ceremony," and that the opera was typical of "the great German composer's pagan point of view."

"It begins with the suspicion of murder and ends with a broken vow," the bulletin said. "It is woven around black magic, the threat of war, a bitter domestic quarrel and the complete absence of the loyal trust without which Christian marriage cannot exist."

## STAR'S OFFER LEADS TO COLLECTION BOOM

HOLLYWOOD, July 28.—(P)—Pauline Goddard started an individual collection to collect old aluminum pots and pans for Uncle Sam's defense program by offering a kiss to the male winner which she guarantees will knock him back on his heels.

"He can be assured that it won't be just a little lip peck," she promised. The contest started yesterday morning and before sundown 220 pieces of aluminum had been contributed, 137 of which were brought in by three little boys. The contest ends Saturday.

The feminine winner will be invited to be Miss Goddard's guest at her movie studio for a day.

## NECK-STRETCHING EXERCISES FATAL

AUBURN, Calif., July 28.—(P)—The neighbors kept telling H. W. Flower, 70, that it was dangerous for him to experiment with neck-stretching exercises.

Flower was found dead, hanging from a tree by a small rope attached to a strap about his neck.

Sheriff Charles Silva said pamphlets telling about neck-stretching exercises were found yesterday near his body. He evidently had been trying them, seated on a saw-horse.

## POLES AND SOVIETS REACH AGREEMENT

LONDON, July 28.—(P)—General Wladislaw Sikorsky, premier of the Polish government in exile, said today that his government had reached an agreement with the Russian government "on honorable conditions."

The Polish leader made his announcement at a luncheon of the Foreign Press association, where Foreign Secretary Anthony Eden also spoke.

Sikorsky has been negotiating with Soviet Ambassador Ivan Maisky for an agreement permitting resumption of Polish-Russian diplomatic relations and the freeing of some 200,000 Polish war prisoners now in Russia. These, it is contemplated, would be formed into a Polish legion to fight against Germany.

The purpose of the meeting is to effect plans for the functioning of the state group under altered conditions resultant from the recent unfavorable report by the supreme court on re-organization legislation.

MUSSOLINI 58  
ROME, July 28.—(P)—Premier Mussolini was 58 years old today but, as usual, no public mention was made of his birthday. The regular schedule of 11 Duce himself called for a morning horseback ride before he tackled his duties as head of the government and commander-in-chief of Italy's armed forces at war.
